

# **Detailed Functionality**

## **Project overview**

Our client a Blinds company requires a website to promote their product range. This is not an ecommerce site, rather, an upgraded brochure where you can view products, view sectors (completed projects) view resources (downloadable PDFs) view videos and download brochures.

The navigation menu is as follows;

Home

About

Products

Sectors

News

Contact

## **Homepage**

On the homepage there will be the following;

- Download a brochure-This will download a brochure that the user can view-editable via the admin area
- What we do- This is just content that will be manageable by the client.
- Resources-This will go to the resources page when clicked.The resources area will require client log in to download all PDFs.
- Client Login Area- This area will be used for the client to access further data. This data will not be accesible until the person has logged into the site,only then will certain areas be accesable.
- Video-This link will open up the video page.

- Once you have chosen a product the following page will appear(as seen below).
- All the content on this page will be manageable
- Where it says 'Product details' the individual will click on any of the options and the text will appear underneath.
- The information in the Product datasheet will not be able to be accessed until the person has signed in-this is because certain information will only be accesable to certainn people.For example,the government and defence organisation may purchase products from this site,they will not want information about their products accesable to members of the public.

## Sector Page

- You will not be able to click on the sector page, you will only be able to select an option from a drop down menu, the drop down menu will be the same as the product page.

Healthcare

Defence- MUST BE PASSWORD PROTECTED

Education

Government- MUST BE PASSWORD PROTECTED

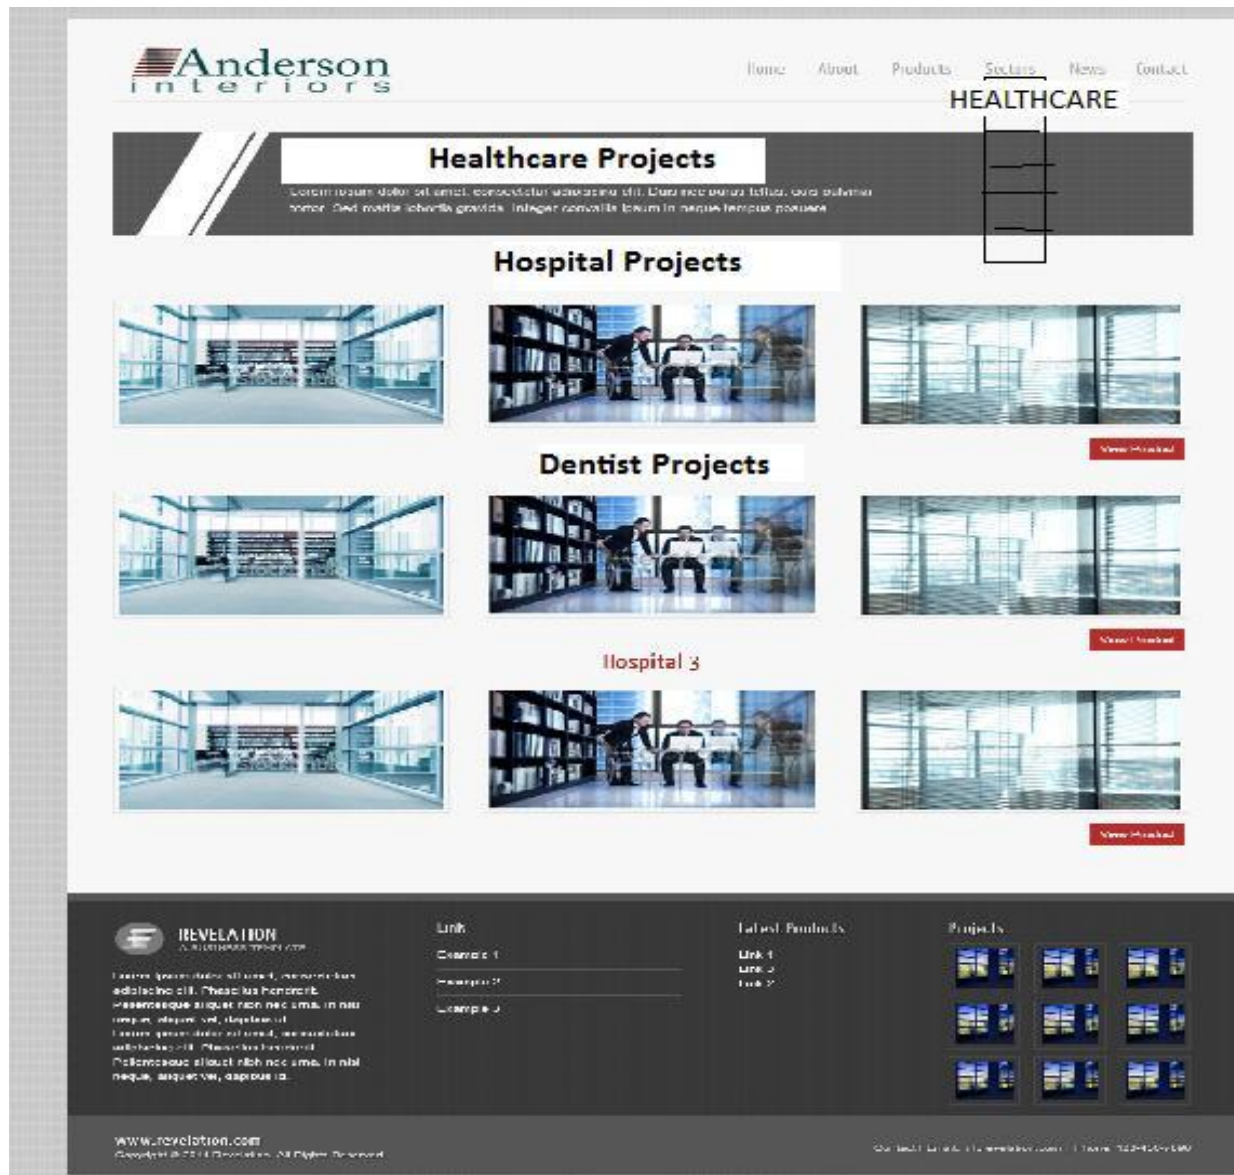

Hospitality

Residential

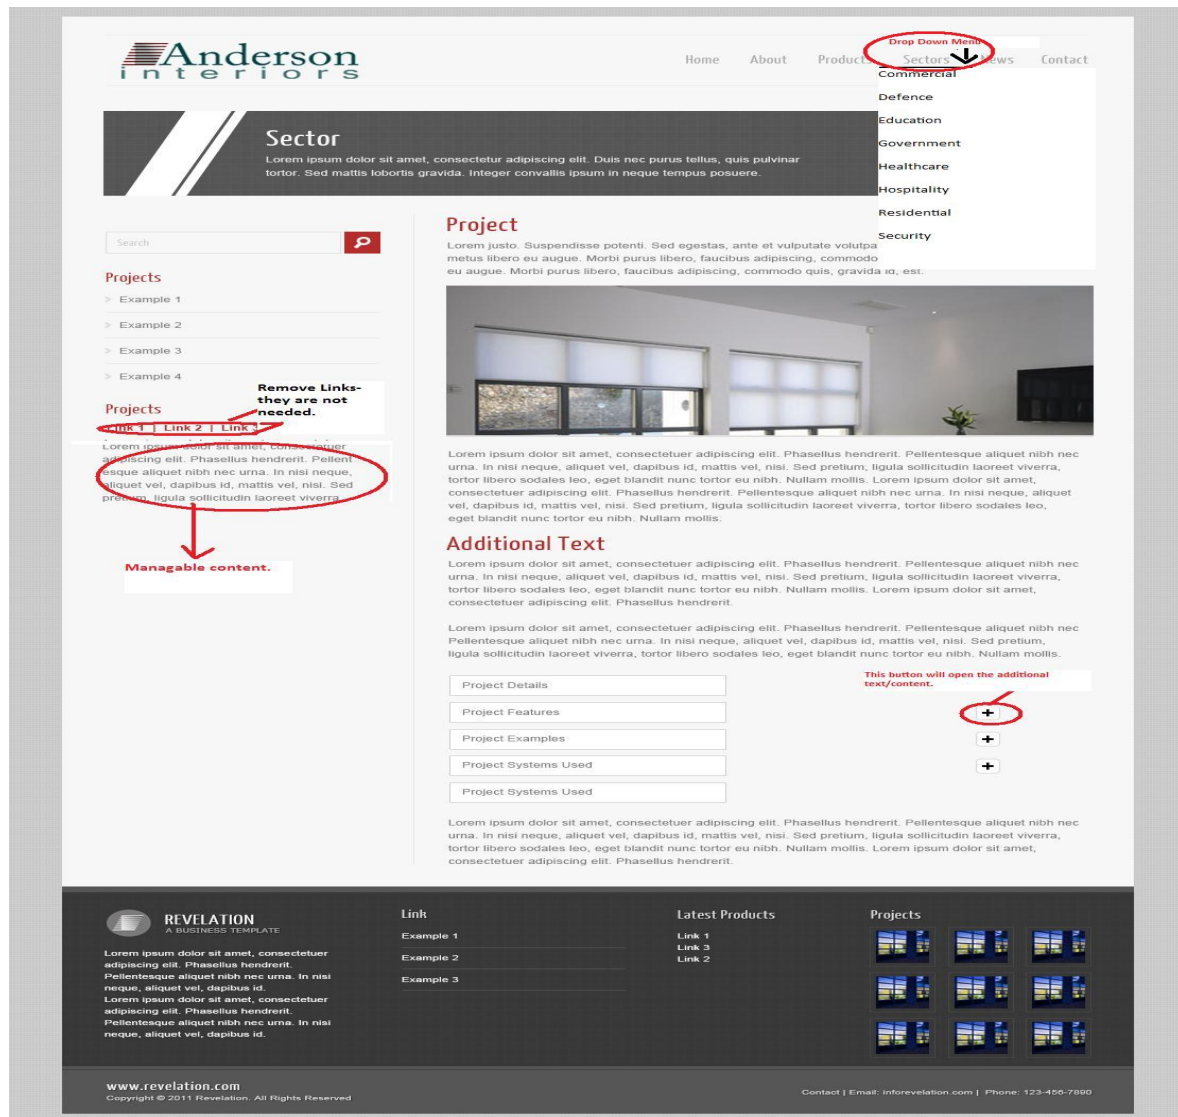

Security- MUST BE PASSWORD PROTECTED

If you click on 'Healthcare.' a page with a variety of different HealthCare projects will appear.

- The button will say 'View Project' not 'View Products.'

- When you click on 'View Project' on any of the chosen projects the page below will appear with the information about that specific project.
- On the right hand side of the page where it says 'projects' the link 1, link 2 and link 3 are no longer needed and can be removed.

## Blog page

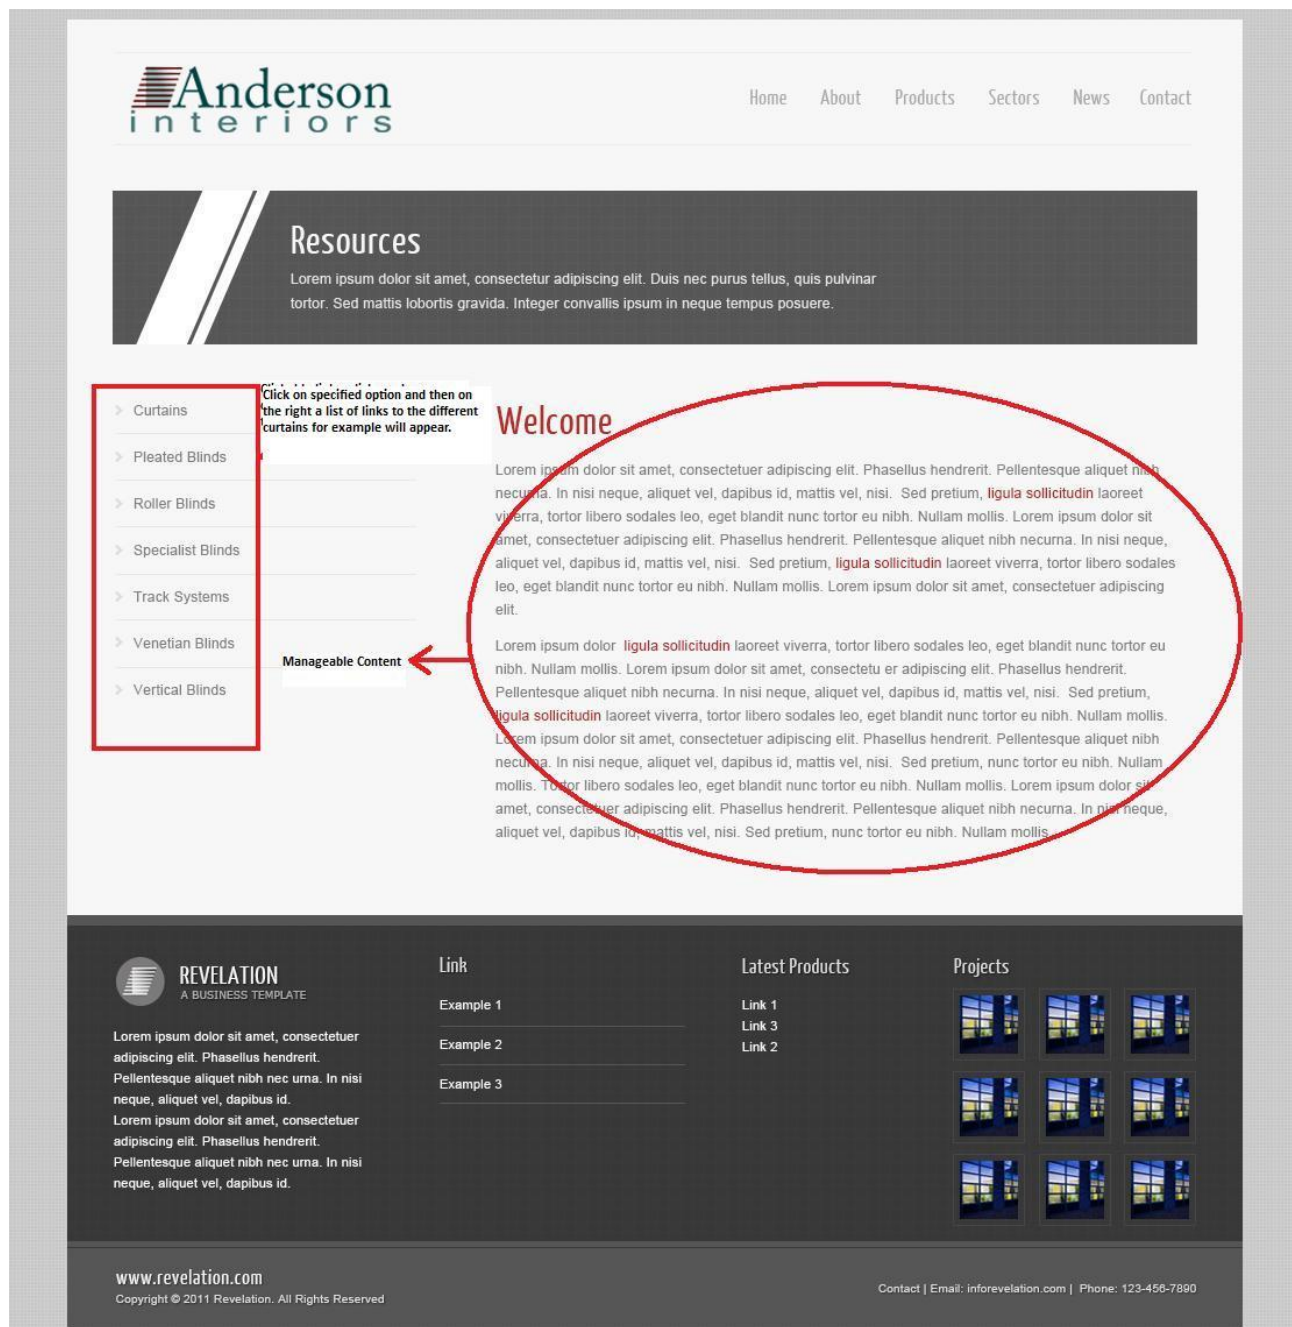

Manageable content-both pictures and text.

## What We Do

This Page will just be manageable content.

## Resources

When you first enter the resources page there will be welcome introductory text.  
Then you will click on your specified option from the list on the right hand side.

If for example 'curtains' is the clicked, this menu of links will appear.

## Curtain Types
